Torrance 1912-

A "Modern, Industrial Garden City"

From its humble beginnings as an industrial garden city founded in 1912 by industrialist Jared Sidney Torrance, the city of Torrance has grown from the few city blocks that comprise Downtown Torrance to a 21 square mile thriving community. The Downtown area was originally designed by the sons of renowned landscape architect Frederick Law Olmsted, designer of New York's Central Park. The layout of the Downtown was to take advantage of scenic mountain vistas and the afternoon sea breeze.

The City of Torrance Redevelopment Agency is committed to revitalizing Downtown Torrance as a vibrant place to live and destination for shopping, working, dining, and amusement. The Agency will continue to invest resources for pedestrian, lighting, landscape, infrastructure, and parking improvements to enhance circulation and safety with the goal of fostering commerce, attracting new businesses, and preserving the character of Downtown. Come discover the friendly small town atmosphere and experience old fashioned personal service in one of the many owner operated businesses.
